

eBooks from CABI

bring your
books to life

As an academic publisher we know how important it is to have access to the most relevant information.

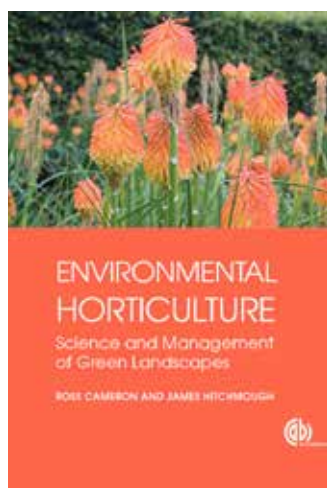

To help you find the most relevant content from **CABI** we are pleased to offer a variety of packages and collections to meet your needs and give you total flexibility.

Our **eBooks** programme includes over **800 titles** available across agriculture, international development, animal and veterinary sciences, environmental sciences, plant sciences and horticulture, forestry, human health and nutrition, and leisure tourism.

CABI's eBook programme produces high quality research monographs, encyclopedias, practical handbooks and reference works.

Environmental Horticulture

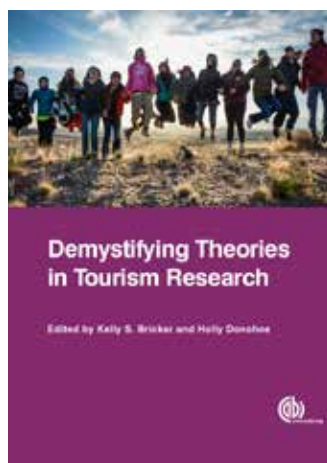

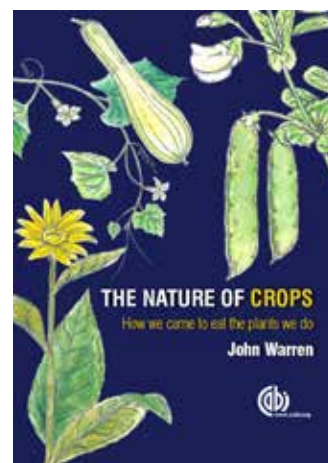

“In the urban era of today, the importance of horticulture has never been more essential. In the book Environmental Horticulture the authors give a much needed depth as well as broadness in the field of public horticulture whilst giving a clear view of its importance. The broad span of the scope includes plant perspective and green constructions such as green walls towards green space and well-being. The publication is well written and will be of great value for students as well as landscape professionals and horticulturists.”

– Henrik Sjöman, Scientific Curator at Gothenburg Botanic Garden/Lecturer at Swedish University of Agricultural Science

The Nature of Crops

‘Glorious in breadth and fascinating in depth, all the short stories means the The Nature of Crops can be read and reread in the room where Sterculius is king.’

– *New Scientist*

Demystifying Theories in Tourism Research

“At last, we have a book “Demystifying Theories in Tourism Research” that focusses on the way in which we as researchers use theory in our research and applications. The beauty of this book is that it touches on a broad category of knowledge domains of the tourism field with theoretical perspectives to shed light on the complexities of research, which us refreshing and creative. It is a must have book for anyone who is involved in tourism research and applications.”

– Muzaffer Uysal, Virginia Polytechnic Institute & State University, USA

Climate Change and Insect Pests

“By and large, this book is a wonderful contribution to our understanding of insect pest ecology in the context of climate change, and I would recommend it to anyone interested in the topic. I believe it would be of utility to graduate courses in entomology, ecology, forest health, and climate change, although faculty might only use particular chapters that fit their needs. I personally enjoyed this book so much, as it is an epic synthesis of applied insect natural history, and I feel natural history and ecology are the keys to insect pest management. A great book for ecologists!”

– David C. Shaw in Ecology, 97(6), 2016

CAB eBooks

CAB eBooks provides unlimited access to prestigious CABI titles. Every book is indexed to chapter level, meaning a quick search takes you straight to the most relevant information.

why purchase CAB eBooks?

- High quality content written by world experts
- Dynamic front file updated throughout the year
- Titles available and indexed as individual chapters
- All chapters and titles fully indexed and integrated with CAB Abstracts
- Keyword search or browse by subject or title
- eBooks in easy-to-navigate PDF files

benefits

- Downloadable MARC records
- No DRM: freedom to download, print and share
- Perpetual access
- Open URL compliant
- COUNTER-compliant usage statistics
- Unlimited simultaneous users
- Anytime, anywhere access

Packages

Launched in February 2011, the 2005 – 2007 package contains all 166 CAB eBooks (over 2,900 chapters) published over this three year period. It is available as a one-off purchase with perpetual ownership.

CAB eBooks 2000 – 2004

The 2000 – 2004 package contains 244 titles, providing an easy opportunity to acquire our valuable back list. It is available as a one-off purchase for perpetual ownership.

Our CAB eBooks platform is the ideal place to search, browse and read your eBooks.

The screenshot displays the CAB eBooks website interface. At the top, there is a navigation bar with the CAB logo, the text 'CAB eBooks' and 'eBooks on agriculture and the applied life sciences from CAB International', and a user login area. Below the navigation bar are tabs for different subject areas: Agriculture, Animal & Veterinary, Environmental Science, Human Health & Nutrition, Leisure & Tourism, and Plant Sciences. A search bar is prominently featured with the text 'Search CAB eBooks' and a search button. Below the search bar, there is a 'Latest content' section featuring a book titled 'Tourism crisis and disaster management in the Asia-Pacific'. The book cover shows a map of the Asia-Pacific region. The book details include the authors 'Folawe, B. W., Campiranon, K.' and the ISBN '2011 CAB (H) ISBN 978178067...'. The interface also includes a 'My CAB eBooks' button and a 'Search within topic' dropdown menu.

Mycology and Invertebrate Zoology

Plant Science

Plant Biology and Crop Science
Plant Protection
Horticulture

Choice Reference

CABI's key reference eBooks can now be individually purchased to build your eBook library and offer fully searchable online access to 27 key reference titles including essential dictionaries, encyclopedias and taxonomic keys.

Choice 25 / 50 / 100

CABI's Choice 25, 50 and 100 collections put the decision in your hands. Create your very own library of up to 25, 50 or 100 eBooks from CABI's extensive eBook Choice catalogue to create a unique, fixed rate collection to fit your needs.

CABI Choice eTextbooks

57 handpicked textbooks available in eBook format across a variety of subject areas. These titles are available as an individual title adoption model purchase, ensuring you have access to the textbook titles you need for your institution.

Your Choice Collection

Can't find a collection to meet your needs or just want to purchase one book then the why not select 'Your Choice Collection'. Create your own unique collection from across the entire CABI Choice eBooks catalogue and it is yours to keep as we provide perpetual access rights.

The screenshot displays the CABI Choice eBooks website interface. At the top left is the CABI logo. A search bar is located at the top right, with a dropdown menu set to 'All' and a 'SEARCH' button. Below the search bar are navigation links for 'Home', 'Collections', 'Help', and 'Logout'.

The main content area features several collection cards:

- Agricultural Economics (2015) Collection**: 23 titles. Includes a 'SEE ALL BOOKS' button.
- Animal Nutrition (2015) Collection**: 24 titles. Includes a 'SEE ALL BOOKS' button.
- Food Nutrition and Dietetics (2015) Collection**: 22 titles. Includes a 'SEE ALL BOOKS' button.
- Reference eBooks Collection**: 20 titles. Includes a 'SEE ALL BOOKS' button.

An inset window shows a detailed view of the **Animal Nutrition (2015) Collection (24 titles)**. It features a 'Featured titles in the Animal Nutrition (2015) Collection' section with six book covers and their titles:

- Dairy Cows, Feeding and Nutrition: Feeding and Nutrition
- Proteinemia and Carbon Utilization and Requirements in Farm Animals
- The Western Pig: Nutrition and Management
- Metabolic Nutrient Utilization in Farm Animals
- Poultry Feedstuffs: Supply, Composition and Nutrient Value
- Enzymes in Farm Animal Nutrition

Another inset window shows the details for the book **Enzymes in Farm Animal Nutrition** by Bedford, Morrice, Partridge, Italy. It includes a 'Book synopsis' and a 'Collection' section.

At the bottom of the page, there are links for 'Terms & Conditions', 'Privacy Policy', and 'Contact CABI'.
