

Session 3: Objectives of the Day

**Asian-Pacific Member Country Regional Consultation
Putrajaya, Malaysia, 4– 6 November 2015**

Session 3: Prioritising Key Regional Issues

Lum Keng Yeang, Chief Scientist, CABI Southeast Asia and the Pacific

KNOWLEDGE FOR LIFE

Objectives of the Day – Session 3

- Highlight issues of select key CABI strategic areas
- Focus on Invasive species – the livelihoods threat facing Asia through a special session
- Discuss the importance of these highlighted issues to member countries, and challenges faced
- Match regional priorities with CABI's capabilities and strategies
- Identify what kind of support member countries can provide in order to develop further joint initiatives and projects in relation to these issues

Issues of select key CABI strategic areas

- Open data and mobile information delivery
- Issues in relation to Plant Health system development, Knowledge Bank and M&E of the Plantwise
- CABI's role in facilitating trade and market access
- CABI's Policy on Access and Benefit Sharing Compliance under the Nagoya Protocol
- Invasive species – the livelihoods threat facing Asia-Pacific

Invasive species – the livelihoods threat facing Asia-Pacific

This special session on invasive species aims to address the following overarching objectives:

- Discuss and review the impact of invasive species on livelihoods in Asia-Pacific
- Identify where gaps lie in current action plans and what can be done collectively to address the issues
- Identifying partnerships and next steps for addressing invasive species at a regional level.

Break-out Discussions 2: Key Invasive Issues

Groups - Random selection

Group 1:

(Lum Keng Yeang and Carol McNamara)

Group 2:

(Feng Zhang and Gopi Ramasamy)

Group 3:

(Morris Akiri and Phil Abrahams)

Break-out Discussions 3: Groups

- **Group 1: Open data and mobile information delivery**
Australia, China, India, Malaysia, Mongolia and Philippines plus partners
