Research Themes for Events

Edited by Rebecca Finkel, Queen Margaret University, UK, David McGillivray, University of the West of Scotland, UK, Gayle McPherson, University of the West of Scotland, UK, and Peter Robinson, Leeds Beckett University, UK

Events management as a subject has been well documented from a practical angle, but this is the first book to cover events from a research perspective. Subjects on consumer behaviour, authenticity and new technologies are included, and the research angle is covered by addressing key concepts, theories and discussions centring on these subjects.
