

Controlled Vocabulary Sheet for the Diagnostic Search

Symptoms caused by pests and pathogens, the "quotes" are required to search for the phrase

"Fruit abnormal patterns"	"Inflorescence external feeding"	"Roots proliferation roots in ball"	"Stems webbing"	
"Fruit abnormal shape"	"Inflorescence fall"	"Roots reduced root system"	"Stems wilt"	
"Fruit discoloration"	"Inflorescence frass visible"	"Roots rot of wood"	"Stems witches broom"	
"Fruit extensive mould"	"Inflorescence galls"	"Roots soft rot of cortex"	"Vegetative organs dry rot"	
"Fruit external feeding"	"Inflorescence honeydew"	"Roots stubby roots"	"Vegetative organs external feeding"	
"Fruit frass visible"	"Inflorescence internal feeding"	"Roots swollen roots"	"Vegetative organs frass visible"	
"Fruit galls"	"Inflorescence lesions on glumes"	"Seeds discolorations"	"Vegetative organs internal feeding"	
"Fruit gummosis"	"Inflorescence lesions flecking streaks"	"Seeds distortion"	"Vegetative organs internal rotting"	
"Fruit honeydew "	"Inflorescence mosaic"	"Seeds empty grains"	"Vegetative organs mould growth"	
"Fruit internal feeding"	"Inflorescence premature ripening"	"Seeds external feeding"	"Vegetative organs soft rot"	
"Fruit lesions black"	"Inflorescence rot"	"Seeds frass visible"	"Vegetative organs surface cracking"	
"Fruit lesions on pods"	"Inflorescence twisting"	"Seeds fused together"	"Vegetative organs surface lesions"	
"Fruit lesions scab or pitting"	"Inflorescence webbing"	"Seeds galls"	"Whole plant cut at stem base"	
"Fruit malformed skin"	"Inflorescence wilt"	"Seeds internal feeding"	"Whole plant damping off"	
"Fruit mummification"	"Leaves abnormal colours"	"Seeds lesions on seeds"	"Whole plant dead heart"	
"Fruit obvious exit hole"	"Leaves abnormal forms"	"Seeds mould"	"Whole plant discoloration"	
"Fruit odour"	"Leaves abnormal leaf fall"	"Seeds rot"	"Whole plant distortion rosetting"	
"Fruit ooze"	"Leaves abnormal patterns"	"Seeds shrivelled"	"Whole plant dwarfing"	
"Fruit premature drop"	"Leaves external feeding"	"Seeds webbing"	"Whole plant early senescence"	
"Fruit reduced size"	"Leaves frass visible"	"Stems canker on woody stem"	"Whole plant elongation"	
"Fruit webbing"	"Leaves fungal growth"	"Stems dead heart"	"Whole plant external feeding"	
"Growing point dead heart"	"Leaves honeydew"	"Stems dieback"	"Whole plant frass visible"	
"Growing point dieback"	"Leaves internal feeding"	"Stems discoloration"	"Whole plant internal feeding"	
"Growing point discoloration"	"Leaves leaves rolled"	"Stems discoloration of bark"	"Whole plant plant dead dieback"	
"Growing point distortion"	"Leaves necrotic areas"	"Stems distortion"	"Whole plant seedling blight"	
"Growing point dwarfing stunting"	"Leaves odour"	"Stems external feeding"	"Whole plant unusual odour"	
"Growing point external feeding"	"Leaves ooze"	"Stems fasciation"	"Whole plant uprooted"	
"Growing point frass visible"	"Leaves rot"	"Stems galls"	"Whole plant wilt"	
"Growing point honeydew or sooty mould"	"Leaves shredding"	"Stems gummosis"	Controlled Vocabulary for Host Part affected	
"Growing point internal feeding boring"	"Leaves webbing"	"Stems honeydew"		
"Growing point lesions"	"Leaves wilting"	"Stems internal discoloration"		
"Growing point mycelium present"	"Leaves yellowed or dead"	"Stems internal feeding"		"Fruit"
"Growing point odour"	"Roots cortex with lesions"	"Stems internal red necrosis"		"Growing"
"Growing point rot"	"Roots cysts on root surface"	"Stems lodging broken stems"		"Inflorescence"
"Growing point wilt"	"Roots dirty roots"	"Stems mould growth on lesion"		"Leaves"
"Inflorescence abnormal leaves"	"Roots external feeding"	"Stems mycelium present"		"Roots"
"Inflorescence black fungal spores"	"Roots fungal growth on surface"	"Stems necrosis"		"Seeds"
"Inflorescence blight necrosis"	"Roots galls along length"	"Stems odour"		"Stems"
"Inflorescence dieback"	"Roots galls at junction with stem"	"Stems ooze"	"Vegetative organs"	
"Inflorescence discoloration"	"Roots galls at tip"	"Stems rot"		
"Inflorescence discoloration panicle"	"Roots hairy root"	"Stems spittle mass"	"Whole plant"	
"Inflorescence distortion"	"Roots internal feeding"	"Stems stunting"		
"Inflorescence dwarfing stunting"	"Roots necrotic streaks"	"Stems visible frass"		
Controlled Vocabulary for Stage of Plant Affected				
"Flowering stage"	"Pre emergence"			
"Fruiting stage"	"Seedling stage"			
"Post harvest"	"Vegetative growing stage"
