# TABLE OF CONTENTS

## SMALL ANIMAL CD

**ALTERNATIVE MEDICINE**

### TCM and the Skin
Mary S. Battistella................................. 1

### TCM and Allergic Dermatitis Case Presentation
Mary S. Battistella................................. 6

### TCM and Hair Loss
Mary S. Battistella................................. 8

### Introduction to Homotoxicology for the Acupuncturist
Paula Jo (P.J.) Broadfoot ......................... 9

### Homotox and Chinese Medicine — Rationales and Rhythms: Scientific Bases and Support
Paula Jo (P.J.) Broadfoot ......................... 13

### Inflammation, Degeneration and Homotoxicology Part 1: Melding into the Acupuncture Practice
Paula Jo (P.J.) Broadfoot ......................... 17

### Inflammation, Degeneration, and Homotoxicology Part 2: For the AP Practitioner
Paula Jo (P.J.) Broadfoot ......................... 22

### Lameness and Degeneration – Remedy Selections
Paula Jo (P.J.) Broadfoot ......................... 25

### Homotoxicology and Acupuncture
Joe Demers ........................................... 26

### Auto-Sanguis Therapy
Joe Demers ........................................... 32

### Inflammation, Lameness, Pain and Homotoxicology
Joe Demers ........................................... 35

### Lameness Case
Joe Demers ........................................... 36

### Lameness / Degeneration Case
Joe Demers ........................................... 37

### Complete and Easy Musculoskeletal Exam
Laurie McCauley.................................... 38

### Utilization of Veterinary Rehabilitation
Laurie L. McCauley................................. 41

### Neurological Canine Rehabilitation
Laurie L. McCauley................................. 46

### Introduction to Veterinary Acupuncture
Deborah Mitchell................................. 48

### Fundamentals of Chinese Herbology
Deborah Mitchell................................. 53

### Top 20 Formulas and Herbs for the Integrative Practice
Deborah Mitchell................................. 63

### Homotoxicology: The Six-Phase Table as a Clinical Tool
Richard E. Palmquist............................. 66

### Homotoxicology: Clinical Case Management
Richard Palmquist................................. 69

### Ten Herbs and Nutraceuticals You Can’t Live Without
Susan G. Wynn.................................... 71

### Evidence-Based Herbal Medicine
Susan G. Wynn.................................... 74

### Natural Medicine for Cancer Patients
Susan G. Wynn.................................... 77

## ANESTHESIOLOGY

### Monitoring Critical Care Patients
Janyce Cornick-Seahorn ......................... 79

### Perianesthetic Bloodwork Assessment: What Is Important and When?
Janyce Cornick-Seahorn ......................... 82

### Implementing CRI Technique for Analgesic Management
Janyce Cornick-Seahorn ......................... 84
