WELCOME MESSAGE

Dear Colleagues and Friends,

First of all, let us welcome you at the World Congress of WSAVA/FECAVA/CSAVA in the Czech Republic. We are honored to be part of this outstanding event with participants from more than 80 countries all over the world. We feel rewarded for selecting us as organizers and we take it as an appreciation of a scientific level that veterinary medicine has reached in the region of central European during recent years.

We paid a special attention to preparation of high level clinical and scientific meetings. Therefore, we invited 95 speakers, all of them experts in their fields, to share with you their knowledge, experience, and most recent scientific information.

Apart of scientific program, the hosting city of Prague offers you a unique opportunity to get closer to its culture, as well as to get in touch with its long and eventful history.

Ladies and gentlemen, our precious guests, we strongly believe that this Congress Proceedings will meet all your expectations and we hope you will enjoy it, as you certainly will enjoy hospitality of our country and our friendly people.

Dr. Miroslav Svoboda
Scientific Committee Chairman

Dr. Jiří Beránek
Congress President
