BVZS GUIDELINES FOR MEETING ABSTRACTS

PLEASE NOTE: From the November 2007 meeting all abstracts and extended abstracts will be linked to CABI. This is an important step in helping the Society and members work reach a wider audience. While the society encourages authors to include as much relevant data as possible, it is the author’s own responsibility to restrict their data as necessary in order not to prejudice any future peer-reviewed publications they may have planned. While previous humorous biographies have been included, inline with the links with CABI, please adhere to the biography guidelines and keep these to a professional nature. At present BVZS meetings and abstracts are NOT peer-reviewed.

Submissions should preferably be in word (.doc) format, 12 font Times New Roman, single line spacing, not justified.

Biography: This should include the author’s qualifications and institution/ practice/ affiliations, as well as a summary of any particular achievements, career, highlights, or relevant current projects. Please keep the biography to a professional nature. Maximum of 100 words.

Title: Submission should include a title of not more than 15 words, and the names, qualifications and affiliation/ institution of each author.

Abstracts: Abstracts should be a minimum of 200 words, and a maximum of 750 words. A reference list may also be included. Abstracts, with references should not be longer than 1 page.

Extended Abstracts: These should be in the format: SUMMARY, INTRODUCTION, MATERIALS AND METHODS, RESULTS, DISCUSSION, REFERENCES; or if this is a case report or case series: SUMMARY, INTRODUCTION, CASE REPORT, DISCUSSION, REFERENCES. Review articles should preferably be in the format: SUMMARY, REVIEW, CONCLUSION. This may be altered depending on the reviews nature, but must include a SUMMARY and CONCLUSION. The text should be concise and should be a maximum of 2000 words, and not exceed 4 pages in length, including illustrations and references. The summary should not exceed 200 words.

Tables and illustrations: Tables should be kept to a minimum and should be created in Word. The legend should clearly explain what data the table is presenting, without the need to refer back to the text. Tables should not duplicate information presented in figures. Digital images should be GIF, TIFF, or JPEG files, at a minimum resolution of 300 dpi. Please label them to correspond with the list of numbered figure captions; for example 'Figure 3.jpg' or 'Figure 7B.jpg', etc.

Style: Measurements should be expressed in the metric system or in SI units. Temperatures should be given in ºC. Centrifugation speeds should be given in g. All abbreviations should be spelt out in full the first time they are used in the text.

Medicines should be referred to by the generic name (Recommended International Non-Proprietary Name), as used in the sixth edition of The Veterinary Formulary (London, Pharmaceutical Press 2005) and listed on the website of the Medicines and Healthcare Products Regulatory Agency, followed by the proprietary name and manufacturer in brackets when first mentioned; eg, fenbendazole (Panacur; Intervet). Parasitic infections should be referred to according to the Standardised Nomenclature of Parasitic Diseases (SNOPAD) guidelines, which are summarised by the World Association for the Advancement of Veterinary Parasitology. Spelling should be in British English. Manuscripts should be written in the third person.

Personal communications should be cited within the text and follow the form ‘A. B. Smith, personal communication’.
British Veterinary Zoological Society

The BVZS, a non-territorial division of the BVA, represents professionals with interests in exotic, zoo and wildlife species. Benefits of membership include bi-annual Bulletins and Proceedings from meetings. Membership forms and all other details of membership are on the BVZS website (www.bvzs.org) or contact the BVA, 7 Mansfield St, London W1G 9NQ (ask for details of the BVZS Administrative Director).

SPEAKERS

Kevin Eatwell
Kevin is both an RCVS and an ECZM recognised specialist and has worked in first opinion clinical practice, referral centres, for zoological collections and wildlife hospitals and for clinical pathology laboratories. He is currently Lecturer in Zoo and Wildlife Medicine and Clinical Manager of the Exotic animal and Wildlife Service at the Royal (Dick) School of Veterinary Studies.

Neil Forbes
Neil heads the avian and exotic department at Great Western Referrals in Swindon, where he runs the only ECZM approved avian residency in the UK. He gained his RCVS Specialist Status in 1992. Neil received his FRCVS in exotic bird medicine by examination in 1996 and became a Diplomate of the European College of Avian Medicine and Surgery in 1997. Neil has lectured widely on the international circuit and contributed to over 20 books. Neil received the Mackellar Award in 1991, the Melton Award in 2002, the Dr TJ Lafeber Avian Practitioner Award in 2004 and the Hunting Award in 2005 and the Helga Gerlach award ‘excellence in avian medicine’ in 2011. Neil is currently Senior Vice President of the European College of Zoological Medicine and President of the European Board of Veterinary Specialisation. Neil has held a part time senior lecture post at Bristol University, for the last ten years but he is primarily a clinician – doing the job, full time with exotic patients.

Marie Kubiak
Marie Kubiak graduated from Bristol University following placements within zoos, exotic animal practice. She spent two years as a first opinion exotics vet, before carrying out a three year European College of Zoological Medicine residency at Great Western Exotic Vets. She has completed the RCVS certificate in Advanced Veterinary Practice with distinctions in the Avian, Reptile, Wildlife and Zoo examinations and a credit in Small pet mammals and is currently studying for the European Diploma in Avian Medicine and Surgery and the RCVS Diploma in Zoological Medicine. Marie now heads up a four vet exotic animal team at Manor Vets in Birmingham with a varied first opinion, referral and zoo caseload.

Alexandra Tomlinson
After graduating from Cambridge in 1992, Alex worked in general practice for seven years, followed by a short period with Animal Health, and three years teaching undergraduates at Hartpury College in Gloucestershire. Following completion of the MSc in Wild Animal Health at the RVC/IOZ, Alex took up a position with Vic Simpson at the Wildlife Veterinary Investigation Centre in Cornwall. Since 2006, Alex has been a veterinarian in the Wildlife Programme within the Food and Environment Research Agency (FERA), providing veterinary advice for wildlife research programmes, and completing her PhD on the life-history correlates of M. bovis infection in badgers.
