N. Lay NYo and others	
Control Measures of Highly Pathogenic Avian Influenza in Northern Thailand	43
Suvichai Rojanasthien and others	
An outbreak of severe leptospirosis in capuchin (Cebus) monkeys.....	46
Barbara Szonyi and others	
Prevalance of Plasmodium in the Long-tailored Macaque (MACACA FASICULARIS) from Selangor, Malaysia	49
G.C Ho and others	
Expression of CD₄⁺ T cell, Interleukin 2 and Interleukin 4 On Splenectomy Balb/c Mice Post-Exposure Salmonella typhi.	51
Aulanniam and others	
The role of Veterinary and Medical Personnel in the Control of Zoonoses in Urban Settlements on the Shores of Lake Victoria, Kenya.....	55
PWN Kanyari and other	
Control of brucellosis in Mexican goat farming: Epidemiological evidence in livelihoods context.....	57
David Oseguera Montiel and others	

Sequence heterogeneity in the gene encoding the Rhopty Associated Protein-1 (RAP-1) of <i>Babesia caballi</i> isolates from South Africa	59
Raksha Bhoora and others	
Topic B: Food and feed security and safety	
Development of Test kit for Detection of Antibiotic Residues in Longan Honey	60
Chuleeporn Saksangawong and other	
Epidemiological investigation of Salmonella enterica subsp. enterica all along the food chain poultry production in tropical area: example of Reunion Island	63
Isabelle Henry and others	
Occurance Of Aflatoxin B₁ In Poultry Feeds And Residues Of Aflatoxin B₁ In Eggs In Indonesia.....	66
Merry Muspita Dyah Utami	
Spontaneous reactivation and aging kinetics of liver and muscle of food animals inhibited by dichlorvos and diazinon.....	68
Kasim Abass Askar and others	
Effect of dairy cow fed complete feed rich linoleic acid on milk quality and apoptotic process in meta tarsal cartilage bone of arthritic rattus novergicus.....	71
Romziah S. and others	
Animal Welfare Standards Pushed on the International Agenda: Implications for Trade	74
Karl-Hans Zessin	
The system development of Thai feeding standard table for ruminant feed	76
Jitkamol Thanasak and others	
Antibacterial activity of water extract of Centella asiatica against Staphylococcus aureus in bovine mastitis.....	79
Duangkamol Taemchuay and others	
Topic C: Veterinary education : quality assurance & accreditation	
International Postgraduate Veterinary Education at Master's level: An example from Utrecht University, The Netherlands	81
R.W. Paling and other	
The accreditation and re-accreditation process for quality assurance of an international joint master programme in veterinary public health between Thailand and Germany	83
Karl-Hans Zessin and others	

OIE Collaborating Centre for Integrated Training in Livestock and Wildlife Health and Management	85
Koos Coetzer and others	

Topic E: Zoo, wildlife and exotic animal health and management

Characterization of tuberculous lesions in naturally infected African buffalo (Syncerus caffer)	87
Claudio Laisse and others	

Human Tuberculosis in Captive Wild Animal Populations: Trends in South Africa and Implications for “One Health”	91
AL Miche and others	

Evaluation of a "pan" FRET real-time PCR test for the discrimination of Theileria species in cattle and African buffalo (Syncerus caffer)	95
Mamohale Chaisi and others	

Analysis of risks and impacts on the incomes of small poultry producers in Ha Tay Province, North – Vietnam.....	98
Phan Dang Thang and others	

Managing Siamang (Symphalangus syndactylus) in Menoreh Greenland Rescue Center: Study of Primates Behavior	101
Pudji Astuti and others	

Poster Presentation

Topic A: Emerging, re-emerging animal & zoonotic diseases

Relationship between microorganisms on teat skin and milk quarter in dairy cows	103
Sarinya Rerkyusuke and others	

Molecular diagnosis and sero-epidemiological studies of Peste des petits ruminants virus in domestic small ruminants in Tanzania	105
Emanuel Swai and others	

Detection of <i>Haemophilus parasuis</i> from various sampling sites from necropsied pigs in Thailand.....	110
