# Performance against objectives

A photograph of three people seated in armchairs on a stage, engaged in a panel discussion. The person on the left is a man with glasses wearing a blue suit and a brown sweater. The person in the center is a man with a shaved head wearing a patterned blazer. The person on the right is a woman with blonde hair wearing a dark blazer. They are all looking towards the center. Small round tables with water bottles and glasses are placed next to each chair. The background is a plain wall with soft, colorful lighting in shades of purple and pink.

# How we develop our strategy

Improve the food security and livelihoods of smallholder communities

1

Help communities adapt to the impacts of climate change

2

Reduce inequality through better opportunities for rural women and youth

3

Safeguard biodiversity and support the sustainable use of natural resources

4

Increase the reach, application and impact of science in agriculture and the environment

5

**A step closer to our vision**  
... a world where the sharing of agricultural  
and environmental knowledge empowers  
people and protects the planet
