

Welcome to CABI

CABI Open Day for London-based Executive Council representatives

Monday, 29 June 2026

Improving lives worldwide

An overview of CABI

Dr Daniel Elger, CEO

**Our vision is a world
where the sharing of
agricultural and
environmental
knowledge empowers
people and protects
the planet**

What does CABI do?

Impact achieved through:

Research

International development cooperation

Knowledge management and sharing

“Putting research into practice”

“Making knowledge useful”

Global reach – 450+ staff, >25 locations worldwide

Responding to our Member Countries

Not-for-profit intergovernmental organization owned by Member Countries

Governed and guided by Members

Works closely with national systems / actors / other partners

CABI works on the biggest challenges facing humanity –

hunger, **poverty**, **gender inequality**,
climate change and the **loss of biodiversity**

Improve the food security and livelihoods of smallholder communities

1

Help communities adapt to the impacts of climate change

2

Reduce inequality through better opportunities for rural women and youth

3

Safeguard biodiversity and support the sustainable use of natural resources

4

Increase the reach, application and impact of science in agriculture and the environment

5

2025 indicator targets

- 19 met or exceeded
- 3 nearly met (> 80%)
- 3 missed

→ *Positive impact across goals*

→ *Major increases in impact on many goals*

CABI expertise underpins impact

- Plant pests and diseases – integrated pest management
- Invasive species
- Nature-based solutions – biological control
- Microbial and microbiome applications
- Plant health systems and regulation
- Sanitary and phytosanitary provision
- Knowledge management and sharing – research into practice

Increasing reach and impact – 2025

**2.1m
farmers**
with
increased
incomes

**7.5 million
farmers**
empowered with
climate-smart
approaches

**2.9 million
women**
with more
access to inputs

32
biocontrol agents
shown to have
an impact

346 million
people reached
by **knowledge
resources &
journalism**

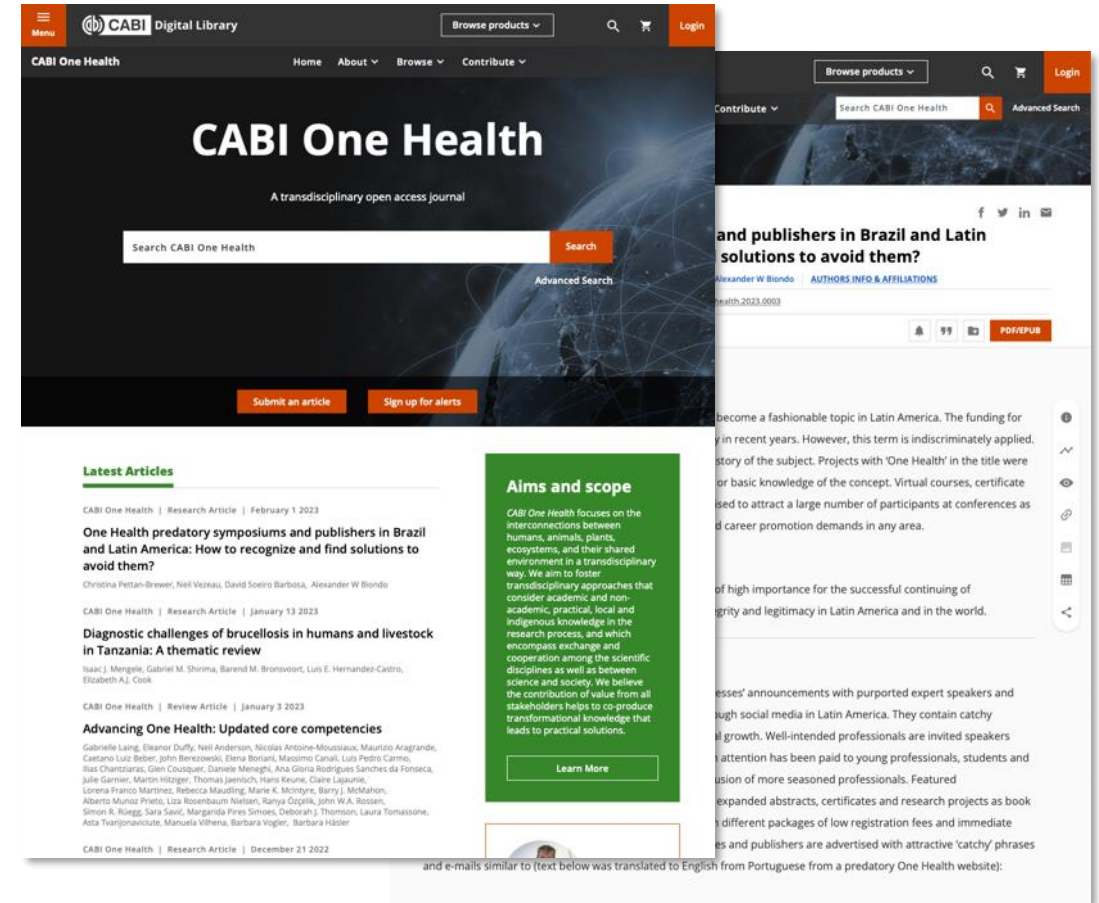

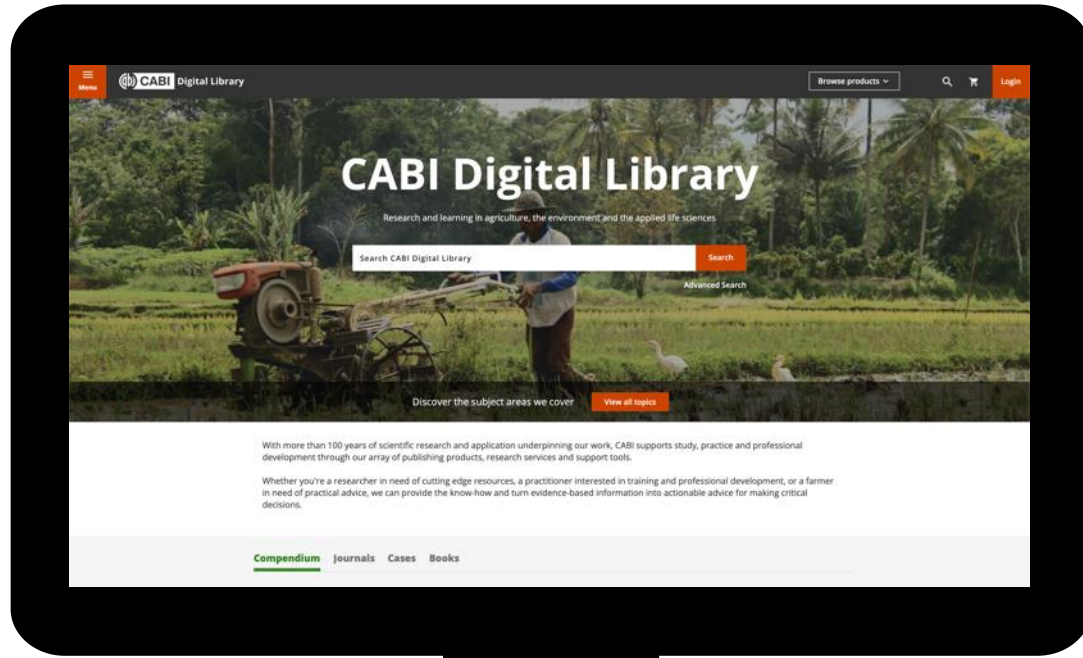

165 scientific publications

Plantwise Plus (2021-2030): Goal

75 million smallholder farmers in 27 low- and middle-income countries producing **more food** using **safer and sustainable** crop production practices, thereby improving **food security and rural livelihoods.**

Winning awards

Recognition Award

FAO Global Technician Recognition
CABI

Winner

Gold Stevie Award

Sustainability Initiative of the Year
CABI BioProtection Portal

Lifetime Achievement Award

International IPM Lifetime Achievement
Award of Excellence
Ulrich Kuhlmann

CABI receives FAO Partnership Award 2024

Consulting our Members

A photograph of four men in field attire looking at a tablet together. The man in the center is wearing a green CABI cap and a tan vest with a CABI logo. The man on the right is wearing a grey cap with 'NER' and 'Hygiene Gloves' on it, and a white shirt with a 'Rainbow' logo. The background is a blurred outdoor setting.

CABI Global Partnership for Pesticide Risk Reduction

Supporting moves towards safer and sustainable food systems where human health and the environment are protected
