

A woman with a joyful expression is shown from the chest up, reaching into a tree to harvest small red berries. She is wearing a dark, wide-brimmed hat with a patterned band and purple work gloves. The background is filled with lush green leaves and branches of the tree, with sunlight filtering through the foliage.

Together we can make change happen!

**But when we are successful –
what difference will that make?**

A man in a white t-shirt with red sleeves and a small red flag emblem is riding a motorbike on a dirt road. A small brown and black dog is sitting on his lap, holding the handlebars. A woven basket is attached to the handlebars. The motorbike has a sidecar attached to the back, which is filled with white sacks and other goods. In the background, another person wearing a red helmet is riding away on a motorbike. The scene is set on a dirt road surrounded by lush green trees and foliage, with sunlight filtering through the leaves.

Improved market access

Better climate resilient food and nutrition security

A photograph of an elderly Black woman in a rural field, wearing a white headwrap and a blue patterned top, talking on a mobile phone. She is surrounded by tall green plants with large, dark, cylindrical seed heads. The background shows more greenery and a clear sky.

Women and young people with new opportunities

A photograph of a person wearing a straw hat and a light-colored shirt, standing in a field and reaching up to harvest fruit from a large, leafy tree. The person is holding a blue basket. In the background, there are rolling hills and mountains under a cloudy sky. The scene is lush and green, suggesting a healthy ecosystem.

Better biodiversity and strong AND productive ecosystems

A photograph of three people sitting in a grassy field at sunset. On the left, a man wearing a headwrap and a striped shirt sits with a microphone on a stand in front of him. In the center, a woman with white face paint sits with her hand near her face. On the right, a younger woman in a red plaid shirt sits smiling. In the background, several pagodas are visible against a warm, orange-hued sky.

We will have moved closer to OUR VISION

The number one “**go to place**” for insightful and practical science-based knowledge about agriculture and the environment

Plant health conference (PHAB 2020)

- Taking place 9-11 September 2020 in The Hague, Netherlands
- Linked to the UN's **International Year of Plant Health 2020 (IYPH)**
- Hosted in collaboration with Netherlands ministry of agriculture, Wageningen University and Koppert Biological systems
- Aiming to bring together **all plant health stakeholders** (public, private, civil society and research)
